## SECTION 8

### SUPPLEMENTS

#### 8.1 GENERAL

This section consists of a series of supplements, each covering a particular operation in which the aircraft may be used or a single optional system which may be installed in the aircraft.

#### **NOTE**

*The information contained in each supplement applies only when the related equipment is installed in the aircraft.*

*Complete Figure 8-1 by inserting the applicable supplements for the installed equipment, so as to define the aircraft configuration.*

The following is a list of Supplements applicable to the V1.0 aircraft:

SERIAL NUMBER.....

REGISTRATION MARKS. ....
